

Here In YOLO your safety and our staff safety is our priority.

We would like to reassure our customers that we have designed our Covid-19 Response plan to insure the safety and wellbeing of everyone. We are following all the safety measures and protocols that our Government has laid out. However, in light of all of this we have tried our best to maintain and create a relaxed and enjoyable experience for both our customers and staff.

These are some of our **HOUSERULES** we have put in place to battle the spread of Covid-19. We endeavour to provide the same standard of service that Yolo has always prided itself on without compromising anyone's safety or experience.

HOUSERULES

1. You are kindly asked to wait at the door in a queuing system in line with the Governments advised physical distancing. Please remain here until a member of staff brings you to your table. We ask you kindly to avail of the hand sanitizer at this point.
2. If at the time of your attendance you happen to feel unwell please inform us asap and we will be happy to postpone your table to a later date. Please be mindful of this for the sake of our staff and customers.
3. A member of staff will take contact details from one person per table in line with contact tracing. Unfortunately, this is non-negotiable.
4. Our seating has been arranged to follow social distancing guidelines at a reduced capacity.
5. Children must be included at time of booking as some tables are unsuitable for baby chairs and may compromise the safety of other customers and staff.
6. Masks are mandatory, gloves are not. Please inform us if there is a medical reason why you are unable to comply.
7. There will be a maximum stay of 1hour 45 minutes as per government regulation.
8. A minimum purchase of €9 per person (food only) must be made in order for us to serve alcohol.
9. Children must remain seated at all times and be accompanied to the restroom by a parent.
10. We have increased our cleaning schedules and heightened our disinfection practices in all areas with special attention to high touch points. Tables, chairs, condiments and menus are cleaned and sanitized between each and every seating.
11. We kindly ask for takeaway orders to be phoned in advance or ordered through our website at www.yologastrobargrill.com.
12. We accept cash or card but we would really appreciate it if you can use contactless where possible.

Staff Training at 'YOLO'

All our Staff have undergone a back to work Covid-19 Training Programme. In addition to handwashing staff will use hand sanitizers regularly which are located at key points throughout the restaurant. Our Staff are temperature checked twice a day and are constantly being updated as regulations are being updated.

N.B. These rules and regulations are correct at time of printing however, they may change as our government updates the regulation.
